

SUPERVISION & DUTY of CARE

POLICY & PROCEDURES

Rationale:

Principals and teachers have a special duty of care in relation to their students to take steps that are reasonable in the circumstances to protect students from risks of injury that should reasonably have been foreseen. This duty includes the duty to provide an adequate system of supervision for all students, including those of different ages and abilities.

The duty is not to prevent injury in all circumstances – it is a duty to take *reasonable* steps to prevent injury which is *known or foreseeable*. The question of what are reasonable steps will depend on the individual circumstances of the case, and consideration of the following factors:

- The probability that the harm would occur if care were not taken
- The likely seriousness of the harm
- The burden of taking precautions to avoid the risk of harm
- The social utility of the activity that creates the risk of harm.

The duty may, in some circumstances, extend *outside school hours* and *outside the school premises*. This will depend on whether the relationship between staff and student extends to the individual circumstances, whether the risk was known or foreseeable, and whether there were any reasonable steps that could be taken to prevent the injury from occurring. The duty is *non-delegable*, meaning that it cannot be assigned to another party.

Aims:

- To ensure that Lorne P-12 College staff have an adequate awareness and understanding of their duty of care obligations and responsibilities to provide adequate supervision to students.
- To ensure that Lorne P-12 College staff conduct themselves at all times consistently with these legal obligations and responsibilities.

Implementation:

The principal is responsible for ensuring that there is an adequate system of supervision in place during school hours, before and after school, and on school excursions and camps.

Teachers and other school staff are responsible for following reasonable and lawful instructions from the principal, including instructions to provide supervision to students at specific dates, times and places.

a) Before and After School

Students must be supervised for a minimum of 10 minutes before and after school. This supervision may include some or all of the following:

- Monitoring of entry or exit points and/or designated pick up and drop off areas
- Supervision of the arrival and departure of school contract buses
- Yard supervision
- Classroom supervision

At Lorne P-12 College, supervision at the beginning of the school day will commence at 8.40am. This supervision will include bus and primary area duty.

Supervision at the end of the school day will be provided until 3:15pm or until all buses have departed. This supervision will include monitoring of the bus area.

If a parent, guardian and carer drops off or otherwise arranges for a student to be on the school premises before supervision commences at the beginning of the day, the principal will, as soon as practicable, follow up with the parent, guardian and carer to

- advise of the supervision arrangements before school, and

- request that the parent, guardian or carer make alternate arrangements.

If a parent, guardian or carer has failed to collect the student after school, the next steps may include some or all of the following:

- Attempting to contact the parents, guardians or carers
- Attempting to contact the emergency contacts
- Contacting the Victoria Police and/or the Department of Human Services (Child Protection) to arrange for the supervision, care and protection of the student.

b) Classroom

The classroom teacher has ultimate responsibility for the supervision of all students in their care. This duty cannot be delegated to external education providers, parents or trainee teachers. In addition, no student should be left unsupervised outside the classroom as a withdrawal consequence for misbehaviour. Withdrawal from the classroom is only to occur in accordance with the school's Code of Conduct process

If a teacher needs to leave the classroom unattended at any time during a lesson, he or she should contact a colleague, wellbeing coordinator or principal team member for assistance. The teacher should then wait until alternate supervision is being provided prior to leaving the classroom.

c) Recess and Lunch Breaks

The Principal is responsible for ensuring that students are adequately supervised during recess and lunch. This involves designating areas in the yard, and developing a roster for staff to supervise students in the designated area for the time indicated in the roster.

At Lorne P-12 College, the Daily Organiser is responsible for preparing and communicating the yard duty roster on a daily and fortnightly basis. At Lorne P-12 College the designated yard duty areas are: Primary, Quad and Oval.

Teachers who are rostered for duty are responsible for remaining in the designated area until the end of the break period, or until replaced a relieving teacher, whichever is applicable. During yard duty, supervising teachers should be guided by the following:

- If the designated area is large in size, teachers are expected to methodically move around the area rather than remain static in the one position. This increases the ability to appropriately monitor student activity
- Be alert and vigilant
- Intervene if potentially dangerous behaviour is observed in the yard
- Enforce behaviour standards and implement logical consequences for breaches of safety rules
- Ensure that students who require first aid assistance receive it as soon as practicable.

If the supervising teacher is unable to conduct yard duty at the designated time, he or she should contact the Daily Organiser to ensure that alternative arrangements are made.

If the supervising teacher needs to leave yard duty during the allocated time, he or she should contact the office, but should not leave the designated area until the relieving teacher has arrived in the designated area.

If a relieving teacher does not arrive for yard duty, the teacher currently on duty should send a message to the office, but not leave the designated area until a relieving teacher has arrived in the designated area.

d) Late Arrival or Early Departure

The Principal will ensure that the school has a procedure in place for the safe collection and drop off of students at school during school hours (eg. late arrival or an early departure). This will include a record of the date and time, the reason for the late arrival or early departure, and the person who has authorised the late arrival or early departure.

In relation to early departure from school, the procedure will also include:

- Students will be only permitted to leave the school premises under the supervision of a parent or another person authorised by parents to collect the student
- If the person collecting the student is unknown to school staff, school staff will request photo identification to verify the person's identity.

At Lorne P-12 College, students must be signed out of the school if departing prior to dismissal time. A record of early departures is kept in the Office and completed for all students departing the school early. Details include the student's name, grade, the time of departure and the name of the person collecting the student. Please note:

- Parents/carer are not permitted to take students directly from the classroom
- Students can only be collected by a responsible person 16 years and over.

The school must receive written permission from a parent/carer before the school will authorise a student to be dismissed to engage in activities or appointments during the school day.

If a student departs from the school (following initial attendance) without authorisation, the parent/carer will be informed immediately following notification. Where there is a reasonable concern for the student's safety or the safety of others, immediate contact will also be made with the police and the Department's Emergency and Security Management Branch.

e) Visitors

The Principal will ensure that there is a procedure to monitor all visitors in the school. At Lorne P-12 College, all visitors arriving and departing the school premises during school hours are required to use the visitors' book to record their name, their signature, the date and time, and the purpose of the visit.

f) Use of information and communication technologies

Teachers and staff of Lorne P-12 College also have a responsibility to reasonably supervise the use of information and communication technologies, and the use of online learning environments at school. In doing so, teachers and other staff should be guided by the following:

- Relevant Departmental policies
- School Acceptable Use Agreements and policies.

It is important to note that it is not reasonable or practical for a teacher or principal to:

- inspect every website that will be accessed by a student. The nature of the Internet means that there can be no guarantee against inappropriate content or changing circumstances in website content
- supervise an online learning environment 24 hours a day.

The principal and teachers are expected to respond to an online incident that impacts on students at the school as soon as they have knowledge of its occurrence. At Lorne P-12 College, staff will follow the Student Code of Conduct and ICT Acceptable Use Agreements procedures.

g) Incursions

Teachers must continue to supervise their students even whilst a visitor, speaker or instructor is presenting to the class. Visitors, speakers and instructors will not be responsible for supervising students on the school premises.

h) Excursions and Camps

The principal must ensure that students participating in excursions and camps are appropriately supervised. Supervision can be provided by teachers, education support officers, trainee teachers, volunteer parents and carers, campsite staff and specialist instructors.

The *Schools Policy and Advisory Guide* provide minimum requirements for staff-student ratios. However, Principals should determine the appropriate and effective level of supervision for each individual excursion or camp, taking into account the following:

- the experience, qualifications and skills of staff
- the age, maturity, physical characteristics and gender of the students
- the size of the group

- the nature and location of the excursion / camp
- the activities to be undertaken.

Most excursions and camps must:

- be under the direct control of a teacher with at least one other excursion staff member present
- have enough teachers to maintain appropriate control of the excursion and each activity
- have teachers comprising at least half of the excursion staff .

Any person who supervises students on an excursion or camp must have a Working with Children check. Prior to the commencement of the excursion or camp, the Principal must ensure that the specific roles and responsibilities of each supervisor are clarified and understood by all supervisors and students.

The supervision of students on a camp or excursion will include the following:

- Retaining copies of all confidential medical forms and permissions slips for each student who is participating in the excursion or camp.
- Regularly marking off the attendance of students – this may include at the beginning of the excursion, on the transport, and at each location and activity.
- Ensuring that the venue, transport and activities conducted adhere to DET guidelines.
- Monitoring student behaviour, enforcing behaviour standards, and implementing logical consequences for a failure to comply with the behaviour and safety standards.
- Ensure that students who require first aid assistance receive it as soon as practicable.
- Ensure that risk management plans and emergency management plans are implemented as necessary.

Roles and Responsibilities:

The Principal will

- Regularly communicate the duty of care and supervision obligations and responsibilities to all staff
- Regularly communicate the supervision arrangements to parents
- Determine the level of student supervision to be provided to students in all of the circumstances
- Allocate specific responsibilities to staff members to provide the supervision that is required
- Communicate the specific supervision responsibilities allocated to staff members
- Regularly review the level of student supervision provided to students and make adjustments as and when deemed appropriate
- Regularly review the duty of care and supervision policy to ensure that it is consistent with the *School Policy and Advisory Guide*, and continues to meet the duty of care obligations and responsibilities for all students.

Teachers and other staff will:

- Comply with the lawful and reasonable directions of the Principal
- Comply with all Department and school policies
- Perform supervisory duties as required.

Parents, guardians and carers will

- Make appropriate arrangements for the transport, care and supervise students travelling to and from school
- Make appropriate arrangements for the care and supervision of students outside the times of supervision before and after school
- Comply with late arrival and early departure policies and other school based policies.

Procedures for Implementation:

The Principal will communicate this policy to all staff using the following mechanisms:

- A copy of this policy will be provided to each member of staff in the Staff Handbook at the start of the year
- New staff will be informed of this policy as part of the school's Induction Program an pack
- School staff will be directed to familiarise themselves with all of the relevant sections of the *Schools Policy and Advisory Guide*.

Related School Policies:

This policy should be read and understood in conjunction with the following school policies:

- Bullying and Harassment policy
- Child Safe policy
- Excursion and Camps policy
- ICT Acceptable Use Agreements
- Mandatory Reporting policy
- Student Engagement and Inclusion policy
- Visitors policy
